

## ITATE/ITATION!

- \*Democracy is predicated on an informed citizenry! Is it?
- \*Language reaffirms and reinforces concepts which can uplift or dehumanize, conquer, terrorize and subjugate Humans...
- \*Can critical dialogue neutralize Fascism?
- \*Can words create reality?
- \*Is Education Neutral?
- \*Education should be geared to liberate the Human Mind!
- \*Education creates and stimulates critical consciousness!
- \*Settler Colonial States = Papal Bull/Doctrine of Discovery = Religion = Imperial Projects= Democracy/Demagoguery = Racism & White Supremacy = Transatlantic Race Wars =Exploitation = Barbaric Corporatism = Eugenics = Nazism ...Totalitarianism... Dystopian Technologies = Open Revolution = Peace Economies!
- \*Transactional Beings are basically psychotic – they get irate/incensed and perturbed when you request that they remove their feet from your neck – you must not even squint, but instead submit to insensitivity! How gruesome! They classify your “Being” as a disappointment!
- \*Sanctions are servile impositions imposed by Empires to subvert Nations and kill citizenry - collectively! Slow death – Patriarchy – war economies...
- \*Over stand that spirituality is innate! Darkness has light!
- \*Liberate/Free the Human Spirit from the Imposition of “Fear”.
- \*Fear is not an attribute/characteristic of the Human “Spirit”!
