Yehoshuah means Joshua in English – The Greek version of Joshua to Jesus was added about 100 A.D nearly “two generations after his death”. The Christ was added to Jesus about A.D 400.

Note: Christ is from the Greek Christos which in Hebrew is Mashiakh the “anointed one” or “Messiah”. Jesus never claimed to be the Messiah – He referred to himself as “the son of man”.

Some historians believe that the Dead Sea Scrolls were hidden away about thirty years after his death, with no mention of him – Why? Interpretation has become Theological art!
