

Remembering Her!

What can I say?

What words of comfort can I bring to family and well wishers of
the human family -

I remember Cousin Evelyn's Birthday Celebration Sunday

January 8th 2006 -

She radiated happiness,

A love of life -

This is how I will remember her -

A matriarch -

A thoughtful word,

A plan -

Remember her -

How to be - -

A warm heart -

A smile -

Remember her

A sharing hand -

A creator -

Remember her

A comforting spirit

A gift -

Remember her

A genuine way

A nurturer

A mother of the indigenous ark -

Remember her

The way she is -

Eternal spirit -

She endured - and her footprints created a foundation for reflection -

So take a page -

Do not despair --

As the ancestral tree blooms in restoring the ageless tradition of comfort
and hope ---

Be strong --

Through the inseparable universal good, light, life, love -

Peace.

Asante Sana (Thank you very much)
