

## Truth Endureth And Friendship Is Irreversible!

I set out to pen these lines when the globe was hoisted by the magnification of women universally, during the month of March 2009 – so called “Universal Women Month “.I lifted my head gracefully in acquiescence and chronicled thoughts and ideas of – (you)-a woman with, and of the indigenous perspectives – a woman among women – a woman who understands the core and nature of fostering the common good by living and fashioning your philosophy through your independence, self-confidence and self-sacrifice, which was forged through your early years as a “girl guide” where you nurtured self-identity, wholeness, chivalry, organizational acumen, universality and nobility.

Your deserving unique mode of dress is par excellence and I must commend your uprightness and fortitude. A matriarch to the heart! More so, how you tolerate and manage pain demonstrates the resilience of the human spirit of the mind – Controlling anger with silence.

You are truly an emancipated woman, who understands collaboration and interaction, and how to resist relegation of any kind – you have defined your “Being” by refusing to conform to models – through eloquence, care, respect, love, and benevolence – you have continued to embrace co-workers, friends, siblings, family, associates and foes with enlightenment – promoting voluntarism, peace, justice, courtesy and human rights, while re-affirming your pledge to the “common good”.

I would be remiss if I did not mention your flawless culinary skills – pigeon peas and rice, ital, pepper pot, black pudding. Ah! Pastries – patties, tarts, black cake – with or without icing – immaculate finesse – making one salivate – Wow! That keeps a party going while stimulating the taste buds and then your carrot cake and that unique cherry cake – you get my drift! “Laugh” – while I am attesting to your selective ingredient carrot cake!

How Innovative!

My trusted friend – your commitment, kindness and outreach would never be forgotten by the “me” – it would always be within my scope, because the way forward needs individuals like you – uncompromisingly- “a jewel on this planet” Aubria Veronica Waters – your humanitarianism is well documented.

Thanks

Happy Birthday!

TRUTH ENDURETH AND FRIENDSHIP IS IRREVERSIBLE!

## Addendum!

The above tribute was done on 3/30/2009 and is reflective of her “Being” as the “I” conceived and it will resonate within the “I”. She was an ardent contributor and supporter of Evergreen Productions, Cimbux, Jay Bee Medical Services International and other organizations. I am extending condolence to her son Roderick, sister Gwendolyn and other immediate and extended family members, friends and co-workers. Continue to be “upful” and transformative. She was!

Aubria Veronica Anthony Waters deceased Monday July 12, 2021. Peace be unto her!
